

VT-RFH

ReguFoam Hanger

Vibratec[®]
akustikprodukter

Description

VT-RFH is a series of ReguFoam Hangers available in 4 different load ranges. Housing and washer in zinc plated steel, elastic elements in color coded polyurethane foam.

Characteristics

Deflection:

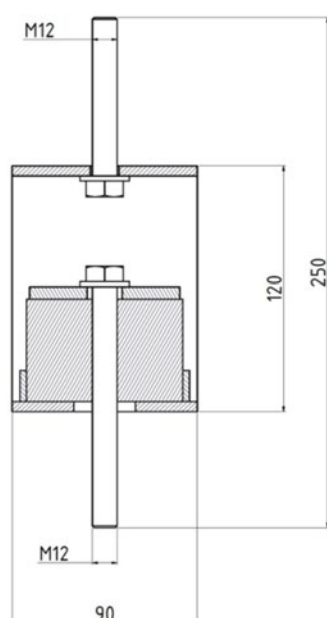

4 – 8 mm for pads 50 mm

Resonance frequency:

7 – 10 Hz for pads 50 mm

Applications

For elastic pendulum suspension of piping, mechanical equipment, fans, air ducts, loud speakers and inner ceilings. The Regufoam pad acts as a vibration isolator attenuating structure born sound.

Article Nr.	Load Range	Color
VT-RFH-510/50	40-80kg	Beige
VT-RFH-570/50	80-140kg	Pink
VT-RFH-740/50	140-200kg	Red
VT-RFH-810/50	180-250kg	Brown

Note

For smaller loads use VT-MCH.
