### Description

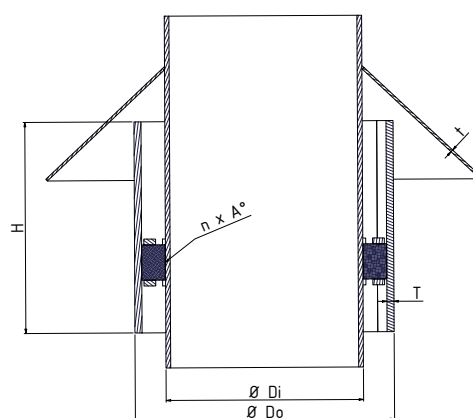

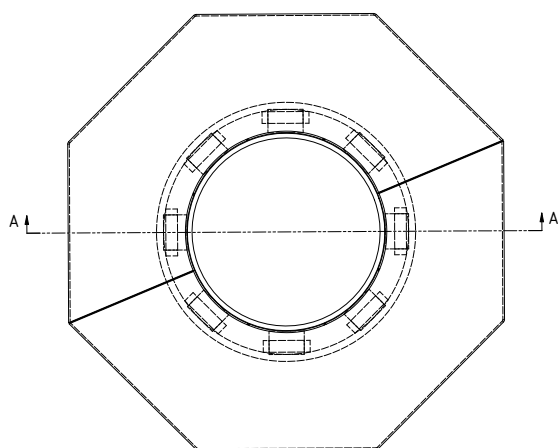

All metal pipe clamp with resilient elements made of stainless steel 18/8. Ring and base plate made of construction steel.

Protection: primer.

It is also equipped with a rain cap, preventing rain to get inside the pipe. The rain cap is in AISI 316L.

See table for dimensions, other sizes available on request.

Delivered in two halves or four quarters depending on size and weight, and welded on site. This is to ease installation.
